1.1.16. What did you especially like about the course?

- very friendly atmosphere - constructive criticism by the lecturer and the participants - discussants were well chosen

1.1.17. What could/should be improved?

- the presentations should be a little longer - longer discussion time afterwards as well - the format could be changed so that 1 person presents each week (we were 10 out of 14 semester weeks) - work should be circulated to everyone - everyone should read the proposals of everyone - it felt like the seminar was cramped into too little space - presentations could be announced GESS-wide so that maybe 1 or 2 more people show up now and then

More meetings should be scheduled
